

6.2.1: STRATEGIC / PERSPECTIVE PLAN & DEPLOYMENT

Strategic plan is prepared based on the mission and vision. It shows the path for achieving mission and vision. The institute has prepared a strategic plan for five years. Strategic plan shows what to do and how to do the things. Process for preparing a strategic plan is as follows.

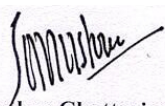

1. Consideration of vision and mission of the institute.
2. Consideration of resources and materials
3. The budget also plays an important role in preparing a strategic plan. The budget paves the way for reducing the expenses and shows the ways for increasing the income. The strategic plan ensures the required resources and materials are available for carrying out the mission in order to achieve the vision
